Poster Session @ MDSI 4th General Assembly

Dear Doctoral Students and PostDocs, Dear Researchers,

On October 24, 2024, MDSI will have its 4th General Assembly. For this special event we would ask you to contribute with a poster.

Info about the poster:

1. The poster must be approved by your supervisor before you send the preview to us.
2. Please send this preview to info@mdsi.tum.de by September 30, 2024.
3. Use only the attached template for your poster (landscape format).
4. The event is interdisciplinary, therefore be as general as possible regarding the technical information of your poster and avoid the use of extensive text, the less the better.
5. Please print the poster (once it is approved by your supervisor and sent to MDSI for preview) and bring it to MDSI until October 14, 2024.
6. For project teams supported by MDSI Seed-Funds: Please prepare one poster per project and please coordinate among yourselves as to who will present.

Info about the poster session/MDSI premises:

Please be present during Lunch Break on October 24 (12:30pm to 1:50pm) to answer questions of our guests related to your poster.

On a separate email you will receive an invitation to join MDSI 4th General Assembly and its agenda. Please let us know (info@mdsi.tum.de) in case of any question.

With kind regards and many thanks,

Your MDSI team
